1. DELEGATION OF AUTHORITY DEFINED

Section 53 of the Systems Act prescribes that a municipality must define the “specific role and area of responsibility for each political structure and political office bearer of the municipality”, which must be reduced to writing.

It is through delegation of authority that the municipality implements the terms of reference for each political structure and political office bearer, where applicable. Section 59 of the Systems Act prescribes that the municipality must develop a system of delegation that will “maximize administrative and operational efficiency and to provide for adequate checks and balances”.

Furthermore, in terms of Regulation 30(4) of the Municipal Performance Regulations, the municipality must, “on the request of the employee, delegate such powers reasonably required by the employee to enable him/her to meet the performance objectives and targets established in terms of the agreement”. From this it is clear that the onus rests with the Senior Management of the municipality to ensure and request the necessary delegated authority from Council as required to assist them in their day-to-day duties and responsibilities, over and above any delegated authority that the Council may confer upon them.

By delegating a power or duty, a municipal council is giving authority to another committee or individual to exercise that power or perform that function on its behalf. The municipal council as a whole, however, remains ultimately responsible for all its powers and duties.

The term “delegation” is defined in the Local Government: Municipal Structures Act (Structures Act) and the Local Government: Municipal Systems Acts (Systems Act) as “in relation to a duty, includes an instruction to perform a duty”.

From the aforementioned definition, it is important to understand that once Council has endorsed a delegation to a specific political office bearer, committee or staff member, it is deemed to be an instruction by Council.

The principle rule of delegation is *delegates non potest delegare*. In brief, this legal rule means that an agent to whom an authority or decision-making power has been delegated by a principal or higher authority may not sub delegate it to another person unless the original delegator expressly authorize it, or there is an implied authority to do so.

2. PRINCIPLES OF DELEGATION

- (a) In terms of the Systems Act and the Municipal Finance Management Act, (MFMA), a Council must develop a system of delegation that will maximize administrative and operational efficiency and provide for adequate checks and balances.

All delegations must ensure that the Council retains all legislative powers and those executive powers, which cannot lawfully be delegated.

a. Policy formulation and determination process is as follows:

- i. Any political office bearer or staff member may initiate the generation of proposed policy.
 - ii. Policy must first be channeled via the mayoral committee for consideration and or recommendations.
 - iii. Notwithstanding the aforementioned, if, in the view of the municipal manager in consultation with the mayoral committee, any proposed policy has a direct and significant impact on the community as a whole, then in that instance, the comments of that community must also be obtained prior to any consideration and or approval of such policy.
- b. The Council, as the legislative and executive authority, may exercise no power and perform no function beyond that conferred upon it by law.

- c. No political office bearer or staff member may exercise its authority contrary to any policy or delegations approved by Council.
- d. The functions allocated to the municipality's political office bearers, committees or staff members as approved by council from time to time will form the basis for the allocation of delegations of executive decision-making powers.
- e. All delegations are conditional upon compliance with the municipality's policies, its Integrated Development Plan, and its budget.
- f. All delegations must be aimed at empowering the relevant political office bearers, committees or staff members to perform their functions effectively, taking into account the different levels of decision-making.
- g. All delegations must be in writing.
- h. Delegations must provide for good governance and allow for adequate checks and balances.
- i. All delegations must enhance service delivery without sacrificing accountability.
- j. Delegations must not oblige a delegate to exercise his/her/its delegated power and must therefore allow to sub-delegate any of his/her/its powers to the most appropriate and effective level.
- k. In exercising delegated authority, Council's political office bearers, committees and staff members must do so in the spirit of utmost good faith.
- l. The political office bearers, committees and staff members must be empowered to perform their functions effectively and to take decisions in the management and administration of their functional areas within the maximum amount of delegated authority, subject to compliance with the following constraints:
 - i. Clear operational policies and terms of reference which are determined by Council, must govern the actions of the relevant political office bearers, committees or staff members in performing their respective

functions and activities. Where it is necessary for the relevant political office bearers, committees and or staff members to operate, in exceptional cases, outside a defined policy or delegation, the authority of either the executive mayor or the municipal manager, as the case may be, must be obtained.

- ii. The relevant political office bearers, committees or staff members must take decisions, implement policy, projects, and manage their functional areas in order to give effect to the requirements of their respective service delivery business and operational plans.
 - iii. The relevant political office bearers, committees and staff members must ensure that their proposed service delivery business and operational plans give maximum effect to the achievement of the municipality's strategic objectives.
 - iv. During the implementation of the municipality's service delivery business and operational plans, the relevant political office bearers, committees and staff members must, when exercising their delegated powers, ensure that Council's strategic objectives are achieved.
 - v. In giving effect to policies, projects and the requirements of service delivery business and operational plans, the relevant political office bearers, committees and staff members must take decisions and operate within the parameters of their respective operational and capital budgets.
 - vi. The relevant political office bearers, committees and staff members must give effect to the enforcement and observation of all municipal by-laws and other relevant legislation, and where changing circumstances so dictate, must recommend the creation or amendment of municipal by-laws.
- m. Council may freely participate in any commercial activity related to its local government functions unless expressly prohibited or regulated by Law. The

functionary in whose functional field such activity resides, should be responsible for engaging in such commercial activity, provided that the value of such commercial activity falls within the limits set for such functionary in terms of any delegations.

- Commercial activity includes but is not limited to:-
- The buying, selling, hiring, letting of goods, property (both movable and immovable) or acquiring or providing services, the advertising of tenders for such goods or services, the awarding of such tender, the entering into and signing of contracts or agreements, the amendment and cancellation of such contracts or agreements, exceeding values on contract agreements and any activity incidental thereto (provided that the total contract price still falls within the delegated limits of the relevant functionary).
- The value of a commercial activity in respect of leases is the total estimated cost of the lease. If the period of the lease is not determined then the annual cost of the lease will determine where the delegation lies. In respect of any other commercial activity, the total estimated contract sum applies. If the eventual amount payable for the commercial activity exceeds the delegated limit set for a functionary, the matter should be referred to the appropriate higher level of decision-making.
- The above delegations do not affect the function of the Supply Chain Management Unit or the Supply Chain Management Policy as they merely give effect to decisions made in terms of delegated authority.

(b) CONDITIONS OF DELEGATION

- a. All decision-making powers delegated by the Council are subject to the following conditions:

- i. Delegated powers are conferred upon the various council committees, Political Structures and employment posts in the organization of the Municipality and not personally on incumbents.
- ii. These delegations also apply to acting positions. Persons acting in any positions have the same delegated powers as those serving in a permanent capacity, provided that the competent authority has duly appointed such acting persons and has not excluded certain powers.
- iii. In executing any delegated power, the delegate must comply with all relevant legislation, agreements and policy.
- iv. These delegations do not redefine Council's Powers and Functions.
- v. The policies, whether existing or future, will determine the parameters of any delegation and the delegatee is bound to comply therewith. It is the duty of the delegator to ensure that clear and comprehensive policies are drafted.
- vi. In executing delegated powers, no expenditure may be incurred unless the delegatee is satisfied that the Council has budgeted for the expenditure and that the funds are still available on the relevant budget votes.
- vii. Council or its executive mayor, or any of the municipality's staff members above the delegate, may at any time, subject to applicable law, order a delegated matter not to be proceeded with by the delegatee and then deal with such matter.
- viii. The chain of authority from the Council to the Executive Mayor to the Municipal Manager and officials below must not be jeopardized by any delegation.
- ix. A delegation may set out special circumstances in which a delegatee is prohibited from exercising his/her delegated power.

- x. Any sub-delegation must be reduced to writing and recorded in the delegation register, which must be kept updated at all times by the municipal manager, or by the person so delegated by the municipal manager.
- xi. All decisions affecting the rights of others must be in writing and reasons must be recorded for such decisions.
- xii. The Council or any other delegator, may at any time withdraw, qualify or amend a delegation made by itself.
- xiii. Council must in accordance with the procedures of its Rules of Order review any decision taken under delegated powers if so requested in writing by at least a simple majority of the members of Council.
- xiv. Provision must be made or a separation drawn between the evaluation and recommendation stage of any financial decision-making process and the actual approval decision itself. This must happen in all cases where the decision-making process is reasonably capable of being divided in terms of the Municipality's supply chain management policy.
- xv. All delegatee must report delegated decisions at quarterly intervals or at such intervals as the delegator may require and submit such motivation as otherwise may be required indicating that all legal and financial requirements have been met. These reports are to enable the delegator to determine whether the policies regulating the powers are adequate and/or whether the delegation is appropriate.
- xvi. Appeals/Complaints against any decision taken in terms of any delegated authority must be dealt with in terms of the Local Government Municipal Systems Act or the Municipal Finance Management Act by an appropriate appeals/complaint authority, whichever is applicable.
- xvii. Any delegator may require a selected sample of decisions taken by any person or committee below him/her/it to be audited.

- xviii. The system of delegations must be reviewed in terms of the provisions of the Local Government Municipal Systems Act whenever a new Council is elected, or when it is appropriate to do so.

(c) STATUTORY DUTIES AND FUNCTIONS OF THE COUNCIL

- a. The Statutory duties and functions of the Council are prescribed by:
- i. The Constitution;
 - ii. The Local Government: Municipal Structures Act;
